What happens if I do not submit the requested documents?

If you do not submit the requested documents or provide invalid documents, your account will remain deactivated. During this time, you'll be unable to create removal orders for your entire inventory present in Amazon fulfillment centers. Storage fees will be charged for inventory stored in the fulfillment centers. Funds won't be transferred to you but will stay in your account while we work with you to address this violation. Additionally, within 90 days of initial notification, if we do not receive the requested information or if you cannot demonstrate the provenance of your products, the relevant inventory under review may be disposed of in accordance with the section F-7.2 of the "Amazon Services Business Solutions Agreement" and the "Unsuitable inventory investigations policy."

We are here to help.
