MANUFACTURING PROPOSAL

This document has been prepared exclusively for ICON Members who are launching their own private label supplement brands through the ICON Ecommerce Accelerator.

Our manufacturing partners specialize in producing premium dietary supplements using pharmaceutical-grade quality systems and current Good Manufacturing Practices (cGMP). From formulation through finished packaging, every production run follows documented quality procedures designed to ensure consistency, safety, and product integrity.

Whether you're launching a single product or building an entire supplement line, our manufacturing process has been designed to help you bring premium products to market quickly while maintaining exceptional quality standards.

STANDARD PRODUCTION TIMELINE

LABEL DESIGN 1–2 Weeks

Professional FDA-compliant label creation, revisions, and final approval.

MANUFACTURING & DELIVERY 4–6 Weeks

Begins after artwork and production approvals have been received.

CUSTOM FORMULA DEVELOPMENT

Want something nobody else sells?

Our formulation team can create completely proprietary formulations designed specifically for your brand.
